Watch For The Big Rumely Train The Biggest Thing That Ever Passed Through Town

RUMELY TRAIN MAKES REPLY TO "FLY"

Perhaps the best answer to the report that the Hessian fly is "killing" the wheat is the fact that the railroads are rustling hundreds of threshing machines to Kansas, Oklahoma and elsewhere in the Southwest to take care of the crop which will be ready to harvest next month.

The heaviest single shipment of threshing outfits reported for the Southwest is that of the Rumely company, which has just left Chicago, loaded on a special train of fifty cars. The train will arrive in Guthrie about

6 p. m. Saturday and stay here overnight to enable farmers and others to see it. The train will stand near the Santa Fe passenger station.

This shipment of threshing machines is valued at \$100,000, and every outfit already is sold. A sign on every car gives the name and address of the purchaser. Two other full train shipments from the Rumely factories to purchasers in the Southwest will follow immediately.

The Rumely company has factories in La Porte, Ind.; Richmond, Ind.; Battle Creek, Mich.; and Stillwater, Minn., selling threshing, hulling and plowing machinery extensively in the Southwest territory. Several officers of the company will be in Guthrie with the special train Saturday. H. R. Teasdale, division freight agent of the

Santa Fe, will accompany the Rumely officials through Oklahoma.

Two Rumely special will stop at all the towns from Kansas City to Emporia, Friday, and from Emporia to Wichita, Saturday, running through Oklahoma, Sunday. This particular train load shipment goes to Dallas, but the two trains following will be for Kansas and Oklahoma.

VILLA'S BROTHER IS WOUNDED; FIVE OTHERS KILLED

YAGUI INDIANS STILL HOSTILE: AMERICAN CONSUL IS ON GUARD

El Paso, Tex., May 20.—Gen. Antonio Villa, brother of the Northern leader, was fatally shot, and seven men were killed, among them some Villa officers, as the result of a political dispute in a public place at Chihuahua City last night. This is authentic.

Washington, D. C., May 20.—Immediate fears for the safety of 65 or more American colonists in the Yaqui Valley, Mexico, where Yaqui Indians are on the warpath, were relieved today by official reports that the Yaquis had withdrawn and now were manning a small party of Mexican soldiers at Beccum and that Colonel Bacanegra, with 200 soldiers, will escort the Americans to Fundicion or Tabari Bay, where they can be picked up by cruisers of the Pacific fleet. Consul Simplicio states that American travelers should be advised of the turbulent conditions prevailing in Sonora and warned against entering the state.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
